TAHUN 2023

I Rasionalitas

Tujuan Pembangunan Milenium (Millennium Development Goals/MDGs) yang dilaksanakan selama periode 2000-2015 telah membawa berbagai kemajuan. Namun, sekitar 30 persen indikator belum dicapai oleh Indonesia pada periode tersebut. Pendidikan merupakan satu dari beberapa indikator yang perlu ditingkatkan kualitasnya. Dalam tataran internasional, kualitas pendidikan di Indonesia berada pada peringkat ke-64 dari 120 negara diseluruh dunia berdasarkan laporan tahunan UNESCO Education For All Global Monitoring Report 2012. Sedangkan berdasarkan Indeks Perkembangan Pendidikan untuk Semua (Education for All Development Index, EDI) Indonesia berada pada peringkat ke-57 dari 115 negara pada tahun 2015. Dalam laporan terbaru program pembangunan PBB tahun 2015, Indonesia menempati posisi 110 dari 187 negara dalam Indeks Pembangunan Manusia (IPM) dengan angka 0,684. Dengan angka itu Indonesia masih tertinggal dari dua negara tetangga ASEAN yaitu Malaysia (peringkat 62) dan Singapura (peringkat 11).

Berdasarkan fakta tersebut, Pemerintah Indonesia telah menetapkan Pendidikan menjadi salah satu dari 17 tujuan pada agenda 2030 untuk Pembangunan Berkelanjutan (*the 2030 Agenda for Sustainable Development atau SDGs*). Peningkatan mutu pendidikan menjadi tumpuan bagi pemerintah dalam mendorong pencapaian dan sasaran di era SDGs. Peningkatan tersebut setidaknya mampu memicu peningkatan indeks pembangunan manusia Indonesia. Namun, peningkatan mutu Pendidikan tidak bisa hanya dibebankan pada pemerintah.

Perguruan Tinggi memiliki peran strategis dalam mencapai tujuan dan sasaran pembangunan yang berkelanjutan. Perguruan Tinggi diharapkan dapat menjadi roda penggerak dalam peningkatan daya saing dan kemandirian nasional. Tujuan tersebut dapat tercapai apabila perguruan tinggi mampu menghasilkan luaran riset berbasis inovasi yang berkontribusi pada masyarakat. Untuk menghasilkan riset dan luarannya yang berkualitas diperlukan kerjasama antar perguruan tinggi dalam negeri ataupun luar negeri. Salah satu bentuk kerjasama yang bisa dilakukan adalah dengan konferensi ilmiah internasional. Melalui konferensi ilmiah internasional para dosen, mahasiswa, peneliti dan masyarakat industri diharapkan dapat bertukar informasi guna menambah wawasan tentang keilmuan dan riset yang ditekuninya.

Sejalan dengan uraian di atas, Universitas Pakuan telah bergabung menjadi anggota *Asian Education Symposium* (AES) sejak tahun 2017. AES merupakan program konferensi ilmiah

internasional yang telah diselenggarakan sejak tahun 2016 yang diprakarsai oleh Universitas Pendidikan Indonesia (UPI). Pentingnya kegiatan ilmiah, menyebabkan UPI menginisiasi kerjasama dengan beberapa universitas dalam negeri untuk menyelenggarakan forum ilmiah ini. Selain itu, AES juga telah bekerjasama dengan beberapa jurnal internasional bereputasi, jurnal nasional terakreditasi, dan prosiding internasional bereputasi.

Pada tahun 2016, AES pertama diselenggarakan di Bandung yang bekerja sama dengan jurnal PMIPA dan International Conference Series IOP). Pada tahun 2017 AES kedua diselenggarakan di Kota Lombok MATaram dengan UNRAM sebagai host dan bekerjasama dengan Atlantis Press. Pada Tahun 2018 AES ketiga diselenggarakan di Kota Bandung dengan Host UIN Sunan Gunung Jati dan bekerjasama dengan Atlantis Press Kembali. Pada Tahun 2019 Pada AES keempat diselenggarakan di Kota Manado dengan host UNIMA dan bekerjasama dengan Atlantis Press. Pada Tahun 2020 Pada AES kelima diselenggarakan di Denpasar secara Daring dengan Host UNDIKSA dan bekerjasama dengan Atlantis Press. Pada Tahun 2021 Pada AES keenam diselenggarakan secara online di Kota Bandung dan bekerjasama dengan Atlantis Press. Pada Tahun 2022 AES ketujuh diselenggarakan hybrid di Kota Palembang dengan host UIN Raden Fatah, STAIN Lubuk Linggau.

Pada tahun 2023, AES kedelapan diselenggarakan Kembali di Kota Bogor dengan Universitas Pakuan bertindak sebagai host. Tema AES 2023 adalah "*Green Research in Higher Education for Sustainability Development*". Seperti pada konferensi sebelumnya, tujuan konferensi tahun ini untuk memberikan kesempatan kepada para peneliti, dosen, guru, serta masyarakat industry menyampaikan gagasan dan hasil risetnya. Selain itu, AES 2023 tahun ini akan diiringi dengan berbagai kegiatan satellite, seperti clinical coach penulisan artikel dan kiat menembus jurnal bereputasi.

Bila pada conference sebelumnya bekerjasama dengan publisher internasional seperti CRC Press (Francis & Taylor) dan Atlantis Press (AP), konferensi tahun ini akan dilaksanakan dengan beberapa jurnal nasional dan internasional bereputasi serta publisher prosiding yaitu: Atlantis Press (Prosiding bereputasi); Jurnal Pendidik IPA Indonesia (JPII, International journal Q2/Sinta -1); International Journal on Science and Technologi (IJOST, Q2); Jurnal Penelitian Pendidikan IPA (JPPIPA, Sinta-2); Journal Of Science Education Practice (Sinta 3); Jurnal Tadris Kimiya (Sinta 2); JPP GUSEDA (Sinta 3); Al-Tanzim: Jurnal Manajemen Pendidikan Islam (Sinta 2); Kelola:

Jurnal Manajemen Pendidikan (Sinta 3); Jurnal Penelitian Pendidikan IPA Unsyiah (Sinta 2); Jurnal Ilmiah Manajemen Fakultas Ekonomi (Sinta 3); JIPI (Jurnal IPA dan Pembelajaran IPA) Sinta 2); Tadris: Jurnal Keguruan Dan Ilmu Tarbiyah (sinta 2); Jurnal Pengajaran MIPA - UPI (sinta 2); Journal of Science Learning - UPI (Sinta 2); Jurnal Ilmiah Akuntansi Fakultas Ekonomi (JIAFE) (Sinta 3); Jurnal Pengelolaan Sumber Daya Alam dan Lingkungan (Sinta 2).

II Tujuan

Tujuan dari penyelenggaraan konferensi ini adalah:

1. Menyediakan sarana bagi bagi para peneliti, para ahli dan praktisi dari akademisi, pemerintah, LSM, lembaga penelitian, dan industri untuk bertemu dan berbagi pengetahuan kemajuan mutakhir di beberapa topik berikut:
 - a. *Education for sustainable development*
 - b. *Green Management and economy*
 - c. *Green environment and Eco-Conservation Green-constitutional and Green Legislation*
 - d. *Sustainable Cities*
 - e. *Secularism, Liberalism, and Feminism from Religion Perspectives*
2. Memberikan kesempatan untuk meningkatkan kerjasama penelitian di bidang pendidikan, manajemen, hukum, lingkungan, dan pembangunan berkelanjutan.
3. Memberikan kesempatan peserta untuk mempublikasi artikel yang dipresentasikan pada AES 2023 pada prosiding internasional bereputasi, jurnal nasional terakreditasi, dan jurnal internasional bereputasi.
